No. 25 (Home Counties) Construction Section, Royal Corps of Signals

Nos 61 and 62 Line Sections, Royal Corps of Signals.

#### **NOTES:**

- 1. The 42<sup>nd</sup> Royal Tank Regiment was formed in November 1938 by the conversion of the 7<sup>th</sup> (23<sup>rd</sup> London) Bn. The East Surrey Regiment. The regiment was based at 27, St. John's Hill, Clapham Junction in South London. In April 1939, the regiment duplicated to form the 48<sup>th</sup> Royal Tank Regiment, which was based in Clapham Girl's High School, Clapham, London. These two units formed the brigade, together with the 44<sup>th</sup> Royal Tank Regiment, which was based in Bristol. The brigade remained in the United Kingdom until leaving for North Africa where it was part of the 4<sup>th</sup> Infantry Division. By this time, both the 42<sup>nd</sup> and 44<sup>th</sup> Royal Tank Regiment had left the brigade, however, the 48<sup>th</sup> Royal Tank Regiment fought with the brigade throughout the war in North Africa and Italy.
- 2. This regiment was formed in 1920 by the amalgamation of The Royal East Kent Mounted Rifles (The Duke of Connaught's Own) and The West Kent Yeomanry (Queen's Own). Headquarters Battery was based at Maidstone, the 385<sup>th</sup> Battery at Canterbury and the 387<sup>th</sup> Battery at Bromley. The regiment went to France in May 1940, and then returned to Home Forces. It then sailed for Iraq in October 1941. In November 1941, it joined the 10<sup>th</sup> Indian Infantry Division, and remained with that division until the end of the war in Italy.
- 3. This regiment was formed in 1920 by the conversion of the Sussex Yeomanry, and the conversion of the Surrey Yeomanry, Queen Mary's Regiment in 1922. All three batteries were based in Clapham Park, London S.W. 4. This regiment went to France with the B.E.F. in November 1939. On its return to the U.K., it remained at home until September 1942 when it sailed for Egypt. The regiment later formed part of 8<sup>th</sup> Army Troops in Italy.
- 4. This regiment was formed in July 1939 by the duplication of the 97<sup>th</sup> Field Regiment. The Headquarters and 386<sup>th</sup> Battery were based at Ashford, and the 388<sup>th</sup> Battery at Maidstone. The regiment stayed part of Home Forces until joining 49<sup>th</sup> Infantry Division in April 1942. It remained with that division throughout the war.
- 5. Formed in June 1939 by the duplication of the 98<sup>th</sup> Field Regiment, this regiment comprised the two Sussex Yeomanry Batteries from the 97<sup>th</sup> Field Regiment. It was not titled in the same manner as its parent unit until February 1942. The Headquarters and 390<sup>th</sup> Battery were based in Chichester, and the 388<sup>th</sup> Battery was based at Brighton. This regiment had a long association with the Indian Army, joining the 5<sup>th</sup> Indian Infantry Division in the Sudan in December 1940. After serving in Egypt, the Regiment moved to Iraq with the 5<sup>th</sup> Indian Division. In August 1942 it transferred to the 31st Indian Armoured Division, with which it remained until the end of war.
- 6. A coastal artillery regiment, it was redesignated as three separate coast regiments in July 1940.
